## CRIME ALLEGED IN DOCK CASE.

A SPECIFIC CHARGE AGAINST OLD BOARD, SAYS JEROME.

### Argument on the Proposed Prohibition of John Doe Proceeding Which, Lawyer Kellogg Says, Is Illegally Carried On C. F. Murphy May Seek a Writ.

Whether or not District Attorney Jerome's "John Doe" investigation into the old merphy-Meyer-Cram Dock Board continues depends now upon the decision which Supreme Court Justice Bischoff gives as a result of the argument before him vesterday by Mr. Jerome and L. Laffin Kellogg, on the order obtained by John Fleming of the contracting firm of Brown & Fleming, directing the District Attorney to show cause why the further examination of Mr. Fleming should not be prohibited. Although Charles F. Murphy's attorneys publicly stated on Tuesday that they had no interest in the proceedings initiated by Mr. Fleming, Mr. Murphy was represented at the argument yesterday by Peter R. Hendrick, who at the conclusion of the arguent notified the Court that Mr. Murphy would probably in the near future bring a similar action before him or some other Justice of the court.

Mr. Kellogg opened the argument by stating that the "John Doe" proceedings were being carried on in an illegal manner under "the alleged provisions of a certain statute." When Mr. Fleming responded to a subpæna to testify in an action against Messrs. Murphy, Meyer and Cram, said Mr Kellogg, he expressed his entire willingness to testify, but asked to be allowed to have counsel present. This was not permitted, but counsel was allowed to sit in an adjoining room, where Mr. Fleming was permitted to consult him from time to time. ne examination lasted two hours, said Mr. Kellogg, and covered every conceivable subject, much of it being entirely irrelevant and pertaining to transactions in which the members of the Dock Board were not

Mr. Kellogg said that there was no specific crime before Justice Mayer and no evidence a crime, and that among the many questions asked his client were a number about dealings of outside persons, among them Under Sheriff Mulvaney and Mary A. Delmour, with the firm of Brown & Fleming.

"As a matter of fact," said Mr. Kellogg, "the whole proceeding was of the dragnet order and brought for the purpose of securing evidence for some prosecution of other persons for some uncertain crime. It was straining the statute to call witnesses and question them on matters other than those alleged in the information and to go into their private affairs."

Mr. Kellegg admitted in response to a question from the Court that there was a provision in the code of criminal procedure authorizing the examination of a witness as to an alleged crime prior to the issue of a warrant for the persons accused. There were limitations to this right, however, and the examination of a witness must be confined to the designated crime. The District Attorney had submitted no affidavit specifying a particular crime and the

ate of its commitment.

Mr. Jerome interrupted to say that on the motion he would submit such an affi-davit. Mr. Kellogg said he was entitled to know at once what that crime was. Until

he did know, he said, his client could not legally be questioned about it.

"I further contend," said Mr. Kellogg, 'that the viciousness of this proceeding lies in the fact that the District Attorney's turisdiction commences only after a warran has been issued, and yet here he is present before a Magistrate, using that Magistrate as a sort of Grand Jury, before whom

he may ask sweeping questions on any subject he pleases. Under the statute he has no right to be present."

"The jurisdiction of the Magistrate," said Mr. Jerome, "is well established. Mr. Fleming, a layman, in his affidavit, infers that from the general nature of things and the nature of the questions put to him there was no information in the case. The fact is that on June 16, a criminal action was begun against Charles F. Murphy, Peter F. Meyer and J. Sergeant Cram. This information was laid before Justice Meyer and it is in writing and describes the nature of the crime, its date and that it was committed within the time prescribed by the statute of limitations. Mr. Fleming's examination, under the think it is a precedent to yield to that a witness can come into court and ask that his examination be ended because he does not wish to answer. Mr. Fleming, by the the did not," said Mr. Kellogg, "He subpersaed."

He didn't refuse to answer," said Mr.

rome.
"He didn't want to go to jail."
"Well, not for awhile, I hope," said Mr. Mr. Jerome said that Mr. Fleming could have refused to answer any question, have been arrested and have had his case decided on write of habeas corpus and certicrari,

as in the Lewisohn case.

Justice Bischoff asked Mr. Jerome if
he had considered whether his form of
examination in the "John Doe" proceeding
night not be usurping the functions of
the Grand Jury. Mr. Jerome said he had
and that he had been uplied by the General
Term.

is whether we must disclose the contents of our information. We say we should not be compelled to. If Mr. Fleming desizes to raise the question, let him do so by refusing to answer questions. But I decidedly object to disclosing the information because of the interference of the layman under examination in this case a very stupid layman he is, I may

This ended the argument and Justice schoff asked for briefs. Mr. Jerome Bischoff asked for briefs. said he would not submit a brief, but would submit the Court of Appeals decision in the Lewisohn case. Justice Bischoff

Promised a speedy decision.

Katherine Smith, in whose name Philip
Donohue obsined a lease of the Laths and eccention pier at the foot of West 155th freet, called on Assistant District Attorney Paul Krotel yesterday to explain how she happened to have the lease. "I was employed on the recreation pier,"

iend of mine and was a friend of my husband. There was nothing wrong in the thing. As for the story that Commissioner Murphy used to have a sleeping room on the pier, that is not true. There never was such a room there that I knew anything After I had turned the lease over to Mr. Donohue I went back to my old Job

Building Down for Nothing Comptroller Grout has not yet paid the HARTMAN GIRLS THOUGHT HE bill for \$47,100 presented to the city by the WAS THEIR FATHER.

John H. Parker Company for tearing down the old Hall of Records, nor will he pay it Say He Represented Himself as Such and until he is compelled to do so by the courts. They Lived in His Home for Three Supt. Thompson of the Department of Years-Never Heard of 'Em, Says He Buildings has discovered in the records a -Fassing Says Girls' Story Is Untrue. letter, dated June 16, 1902, from John B. McDonald, the subway contractor, wherein Mr. McDonald stated that he was willing to tear down the building at his own expense. When the courts finally ordered the building torn down, bids were not advertised for by Mr. Cantor's department. The contract was given to the Parker company by Perez M. Stewart, on the plea that

Carl Schultze, the village groceryman of Union Hill, N. J., professed to be very indignant yesterday when told of the allegations made against him by Theresa and Anna Hartman in the Far Rockaway police court on Tuesday. The young women, who live at 413 Fifth street, Manhattan, the order of the court was peremptory, and there was no time for advertising. Mr. McDonald said yesterday that it was wanted to have August Fassing, a roadhouse keeper of Jamaica, arrested for deceiving them into believing that Schultze true that he had offered to take down the building at his own expense, but he added that he would not have demolished it brick by brick, but would have tumbled the whole structure to the ground in a couple of was their father. Their story was that their father had

left them in Germany when they were infants. He had, they said, an estate worth \$60,000 in Jacobsburg, Westphalia, which he placed in charge of his brother Nothing was heard of him for twenty years. until he returned to Germany to look up his daughters. His brother told him that they had gone to America to find him, and Hartman returned to this country.

Fassing, the young women said, accom-PHILADELPHIA, July 22.-If any further attempt is made by City Councils to send the Liberty Bell to other cities on junketing expeditions, injunction proceedings will be begun to restrain them. The heirs of John Wiltbank of Germantown will set forth the fact that the bell is not the property of the city, but the personal property of the descendants of a man who took the cracked relic as part payment of debt due him by

story behind the claim is one that Magistrate James Gorman and E. Gilbert Cassidy, attorneys for the heirs, say is verified by historical records, the journals of Councils and private papers of the Wilthamk family. bank family.

The three heirs who are prepared to prove that the old bell is their joint property are Mrs. James McCloskey of Broad and Rockland streets, Mrs. Sydney Wright

of Germantown and a woman living in Brooklyn. They do not wish the bell, but they do not want its safety endangered by frequent trips about the country made against him by the young women

made against him by the young women was shown to him.

"I don't know these girls," he said, "and I don't know what their object can be in telling such a story. I won't discuss it, because I don't know what they are driving at. No one has ever lived in my house here but my own children. If you don't believe here and involve among the significant of the said of the Dummy Body Found Hanging in a Barn me, go and inquire among the neighbors. This is a small place and every one knows every one else's business." With a Note Saying "I Am Tired of Life." UTICA, July 22.-When a number of workmen entered a hay barn on the Gessor

None of the groceryman's neighbors seemed to know anything about the Hartman girls. Schultze has lived in Union Hill for a quarter of a century and is said Schultze has been twice married. His second wife was a Miss Katherina Bauch.

"I am tired of living. Who finds me please send for my friends. D. R. J., Bufsecond wife was a Miss Katherina Bauch, who died about two years ago. He had seven children by his second wife, five of whom are living. Mrs. Katherine Frick, his oldest daughter, lives in Union Hill. When seen yesterday she said she never heard of the Hartman girls.

"I lived with my father until I was married a little over a year ago." she said Near by was found what was supposed to be the lifeless body of a man hanging from a rafter. Word was sent to Holland

Patent, and Coroner Bodd of this city was notified. Coroner and physician hurried to the scene and the form hanging from the rafter was cut down. The physician was about to make an examination of the supposed body when it was discovered that it was merely a cleverly constructed dummy. The Coroner, who was compelled to drive fourteen miles to the scene of the supposed tracedy in a flerce rainstorm. ried a little over a year ago," she said,
"and am positive that he never had any
one in the house but his own children up
to that time. None of his children is named Theresa or Anna. My father is rather eccentric, but I never heard his named linked with these Hartman young supposed tragedy in a fierce rainstorm, will prosecute the perpetrators of the hoax

Fassing also denies the allegations made by the Hartman girls, who have been wanting to have him arrested. He said
"Something like six years ago I went to Germany and my father introduced me to the Hartman girls. They wanted to come to this country to try to find their father, who had come over years before. I know this country to try to find their father, who had come over years before. I knew a Carl Hartman who had changed his name to Charles Schultze, and who had married over in Jersey. I brought the young women over with me and took them over to Schultze, or Hartman, in Union Hill. He denied that they were his daughters and they did not stay with him so far as I know, "Then I placed them in a boarding house. They supported themselves and made a They supported themselves and made a good living. As to the father of the women having big money coming to him I know nothing; but I heard it said that when he came to this country he had to sell his two cows to raise the money."

## WORLD'S FAIR ATHLETICS. An Elaborate Programme Planned for St

Louis in 1904.

James E. Sullivan, who has been appointed director of physical culture at the St. Louis World's Fair, has made known the chief outline of the programme of sports which will be carried out in 1904. The important feature athletically, it appears will be the Olympian Games. Since the revival of the ancient Grecian festival, this will be the third Olympiad, the first being in Greece in 1898, and the second in Paris in 1900 For the purpose of arranging the programme and date, a meeting of the Olympian committee has een announced for St Louis on Aug. 1) next. A gymnasium is now under course of construction in St. Louis. It will cost \$150,000 and after the Fair is over it will become the property of Washington University. The following are a few of the features that have been mapped out: The championship meeting of the A. A. U. a two-day fixture; two days devoted exclusively to relay racing for schools, colleges and clubs; one day devoted exclusively to cross-country championships. It is the intention to start in one race college athletes, A. A. U. athletes and school boy athletes, three connectitions in one. Bieveling will receive attention, and three days has been set aside for the national bievele tournaments. The interscholastic athletic championships will take two days and will be open to all school boys of the United States. Two days will be devoted to quoits, and swimming will receive attention. Besides the resultr swimming events that are scheduled by the Amateur Athletic Union, there will be plunging and diving contests and water pole champings will see the country of the contest and water pole champings and diving contests and water pole champing sings. day devoted exclusively to cross-country

Fassing, the young women said, accompanied their father to help find them. The men separated here, and Fassing, according to the young women, learned that they had returned to Germany three years ago. He wrote to them, they said, and promised to take them to their father if they would to take them to their father if they would to meet him at the pier.

Fassing, they said, took them to Schultze, and they regarded the latter as their father until a short time ago, when they discovered the deception, through a woman relative of the groceryman. They could assign no reason for the conduct of the men, they said, unless it was that they had designs on the \$60,000 estate.

Schultze was behind his grocery counter yesterday when a story of the allegations made against him by the young women is and their attention of the men, they had designs made against him by the young women was shown to him.

America, to enable the Americans to scient a team to contest with a representative team from Canada.

The all-around championships will be held July 4, and England and Ireland's best men will be brought over to meet the Americans. The collegiate championships will comprise fifteen events, and at this meeting it is expected that winners of the Eastern meeting and Western meeting will meet. The Y. M. C. A. championship will be two days in duration, and the German turners will have several days for their athletic fixtures. Two days will be devoted to Irish sports and a week to international fencers. There will be two days of amateur westling, and automobile contests will be given. Arrangements have already been perfected whereby the National Association of Amateur Oaramen will hold its two-days' regatta in St. Louis. Football will be a feature of the fall season. Aside from the spectacular or athletic end of the physical culture department, physical culture proper is to receive attention, and in the gynnasium exhibitions will be given daily.

### WRESTLING GOSSIP.

Jack Munroe to Meet M. J. Dwyc

-Parker's English Experience. While waiting for some one to take him is going to try his skill on the mat. The big miner has arranged a match with M. J. Dwyer of Waterbury and the pair will come together at catch-as-catch-can style to-night at Glens Falls, N. Y., for \$200 a side and a purse. The conditions are best two in three

Antonio Pierri, the "Terrible Greek," who discovered Yousouf and other Turkish wrestlers, in a letter to a friend in this city writes that he will leave England for America the latter part of August with a Turk who he thinks can defeat any wrestler in the business. Pierri in his letter says he is not at liberty to divulge the name of his protog'. but assures the public that his man is neithe Hali Adali nor Nouralah. Pierri is at present in London, where he is managing two Arablan

wrestlers.

Negotiations for a match between George Hackenschmidt and Jack Carkeek, to be decided in London within a few weeks' time, are now on. A few days ago Carkeek, in answer to Hackenschmidt's challenge to throw him ten times in an hour at Græco-Roman or catch-as-catch-can style, wrote to the London Sporting Life that if Hackenschmidt would post a forfeit and bet \$500 catching at contractions at one of the state of the catching at contraction and the state of the

enschmidt would post a forfeit and bet 8500 on the side he would sign articles at once. This Hackenschmidt has done, and all that is necessary now to make the match binding is for Carkeek to cover the morey. Carkeek has promised to do so this week.

Nick Elliott, the local he avy-weight wrestler, has made another match. Next month, at Saratoga, he will meet Leo Pardello or Charley Leonhardt of Newark. Elliott is in the best of condition and is improving every day. He says he has abandoned his trip to England to wrestle Jack Carkeek because the necessary expense money was not forthcoming.

to England to wrestle Jack Carkeek because the necessary expease money was not forth-coming.

"Pop" Elkes, who is arranging a wrestling carnival to be decided at Siratoga next month, is trying to bring about a match to a finish between Max Wiley of Rochester and George Bothner. Wiley has been anxious to meet Bothner for some time, but the barrier in preventing a match in the past has been the weight question. Wiley is nominally a welterweight, while Bothner can reduce to 135 pounds without much of an effort. Bothner says he will only be too pleased to meet Wiley, provided the Rochester boy will get to 138 pounds. Wiley is expected to accept under these conditions. In the event of a victory over Jim Corbett, Jim Jeffries will make his appearance in a wrestling bout. Billy Ronche, Fom Jenkins's manager, is arranging a match between the two, the same to be decided at Cleveland in October. Jeffries is credited with knowing a lot about wrestling. His forte is Græcolot about wrestling. His force is Greeo-onan, although he is acquainted with the rch-as-catch-can rules. Harvey Parker, who after this year will

Harvey Parker, who after this year will quit the wrestling basiness, is to make another trip to England. He will not zo until next January. When Parker was abroad two years ago he created a mild sensation, owing to his size. After he had defeated all of the best wrestlers in and out of his class in England, he met. Bull Dog. Clayton, the supposedly great wrestler at that time, and threw him in a hurry. Cayton's manager, a wealthy English bookmaker, was so impressed with Parker's style that he naked the latter if it were true that he (Parker) had thrown Ernest Roeber. Parker said it was true, and then Clayton's backer laughed. "I'll honly hecleve hit hif you throw a French wrestler till manage," said the Englishman. Parker told Clayton's representative to produce his man. The Frenchman weighed 240 pounds and Chyton's representative to produce his man-The Frenchman weighed 240 pounds and had a good reputation. Parker, with a few deft strokes, put the Frenchman on both shoulders twice, the whole bout not con-suming more than eighteen minutes. When the struggle was over Clayton's backer took Parker by the hand and after shaking it impressively said: "Me boy hime mighty glad it' neet you. I say you're a deucedly clevah fellow an' take this it' pun note as a present." After that Parker found a good triend during his stay in England. friend during his stay in England

Sain Jones of the New York A. C., the crack high jumper, has started to prepare for the championships at Travers Island. He has been rather under cover so far this season, but expects to be in rare shape for the naional championships at Milwaukee on Sept

The games of the Charles J. Harvey Association will be held at Sulzer's Park on Aug. 14, and a special feature will be the half-inle handicap for policemen, fremen and employees of the Post Office Departments. This race has become an annual fixture of the Harvey (games).

Harvey games.

The Mackenzie School at Dobbs Ferry has engaged George V. Lyons of Georgetown University as coach of football, baseball and track athleties. Lyons has a record of 1 minute 59 seconds for the half mile, played back on the football team and pitched on the baseball nine. Besides looking after the physical welfare of the boys, Lyons will also fill the position of assistant instructor in Latin and English.

The new West Sida A.

English.

The new West Side A. C. has arranged a set of games for its grounds, Fifty-fourth street near Lighth avenue, for Aug 8. The events will be: 75-yard dash, 350-yard dash, 880-yard run, one mile run, broad jump and 12-pound shot-put, all bandicaps, and a 600-yard run, novice.

A new club has been started near Boston, in the Back Bay, by Ben Benton. Benton expects to have the building completed by next fall. He says the club will be the best of its kind in the country, and is to be modelled after the National Sporting Club, London.

Andrew Tokeli, who was defeated by liarry Forbes in this country for the bantam title, has issued a challenge to meet any one weighing 116 pounds in England. He suggests four-ounce gloves and a side bet of \$2,500. Falling to secure an outside wager, Tokell is willing to fight for the purse

# TWO 90-FOOTERS GO AGROUND.

RELIANCE STRIKES A SHOAL, BUT IS SOON CLEAR.

Columbia Has a Harder Time-Constitution's Topmast Spreader Snaps-Rei!ance Quarter of a Mile Ahead Before Accident, and First Boat to Finish.

NEWPORT, July 22 .- The last squadron run of the New York Yacht Club fleet was full of exciting incidents. The yachts started from Vineyard Haven this morning to come to Newport, but the fleet was very small, as only a few of the racing vachts were able to get to the Haven, on account of the light winds that prevailed on Monday. These were sent off to race back in a

light easterly wind, the 90-footers, as usual, starting at the last signal. The three big vachts went over the line with Reliance leading, followed closely by the Constitution and Columbia A little way from the starting line, which

was at West Cop boy, is a sand shoal, carefully buby. d. The strong tide which was running to the west was setting the yachts down on it. Just six minutes after the Reliance crossed the line she grounded on the shoal and hung there. There was a jump on board the yacht at once by all hands. The balloon jib topsail sheet was slack ned off so as to swing the yacht's head around. The Reliance swung around as if on a pivot, and then her boom was gyb d over to port, and she slowly ground over the shoal, and in two minutes was in deep water again.

When the Reliance struck the Constituion was only a few seconds astern of her intsuling over the same line. The balloon sheet of that yacht was slacked off, and her head swung so that she drew by the Reliance, leaving that yacht on the port hand. It looked to many as though s'e had grounded too, but Mr. Belment said she did not touch. The Columbia in the meantime was close astern of the Constitution, and before she could get out of theway she grounded hard and hung on the sand. She would not budge and then M . Morgan's steam launch, Vanish, took a line from the Columbia and tried t swing her head around, but the tide held the vacht fast on the shoal. The tender the Park City, tried too, and failed Finally a hawser was sent to the vacht from the tug Ocean King, and after some hard pulling the yacht slipped into deep water again and sailed on to this port.

The Reliance and Constitution as soon as they were clear continued the race and had a close fight half way through Vineyard Sound. Then the wind hauled to the south and later to the southwest, and baloons were changed for baby j'b topsails, t being a close reach to the Vinevard Sound ightship. The wind continued to freshen and both yachts were travelling fast.

At noon the Constitution passed Gay Head and drew out from under the lee of the hills. She got a puff that caused her to heel considerably, and then the topmast spreader swung forward and snapped, and the next minute her topmast went by he board. The Satellite, the Constitution's ender, went to her assistance at once, but Mr. Belmont sent her off to Bristol to have a spare topmast prepared for stepping at once. The wreckage was cleared away, and after the lightship had been passed a reaching jib topsail was set as a spinnaker and the yacht pluckily kept on and crossed the finishing line, although she had been hopelessly beaten by the accident. This is the second topmast the Constitution has lost this season.

The Reliance was the first of the fleet to finish, and she hurried up the harbor to her moorings. W. B. Duncan went ashore at the torpedo station and asked for the yacht and made a careful examination of the keel, particularly the rudder. He reported that the boat was uninjured, so far as he could see. Mr. Iselin said later that the yacht would start in the Astor cup races to be sailed to-morrow. mainsail which has been used on the Re liance in the squadron runs was unbent a sail that has been recut was bent on its in

has tied with the Constitution in the con-test for the cup offered by Vice-Commo-dore Henry Walters. Mr. Belmont said he hoped that Constitution would be ready on time, but it is doubtful if the Columbia will be on hand for to-morrow's race. Mr. Morgan said he did not know how much

the Columbia was damaged and he might have to haul the yacht out to ascertain. When the wind left the yachts becalmed on Monday evening, they were a long way from the finishing line. Early this morn-ing tugs went out from Vineyard Haven to pick the yachts up in the fog and a few were towed in. The auxiliary schooner Patteer, while trying to get into the har-ber, went athere on the Middle Ground. The Maylu went to her assistance and

There was still for hanging over the jarbor whee the yachtsmen prepared for the run back to Newport to-day, and the At 9:45 the preparatory signal was Ten minutes later the small sloops were sent off. At 10:05 the small schooners were sent off. On the next signal the Ingomar, Ariel and Emerald crossed in the named. These boats were soon their 37-mile journey and the 90-footers began to maneuvre for position. They headed for the line, with the Reliance in the lead and the Constitution close astern. The Reliauce crossed at 10:31:24 and the Constitution at 10:31:46. The Columbia reached down the line before she bore away and she was handicapped 15 seconds.

When the Reliance got off the shoal the Constitution was in the lead, but the Reliance soot forged ahead again. The wind was light. The Constitution soot got a better breeze and drew up to windward of the Reliance soot got a better breeze and drew up to windward. of the Reliance, but she could not get by the new yacht. At the Lucas Shoal buoy, which was nine miles from the start, the Reliance was timed at 11:29:25, and Constitu-tion at 11:30:55. The Reliance passed Gay Head at 11:55, and she was then about i quarter of a mile ahead of the Constitution. A nice freshening breeze was sending the vachts along at a good clip. There was a roll on the water, and it bothered the Reliance and Constitution somewhat. Both

their sails. At noon the Constitution's opmast went, and there was little interest f: in the race for the big beats. The Reliance crossed the fluishing line 2:03:06, the first vacht in the fleet. old Vigilant was next, but she had not got far enough ahead to beat the Weetamoe, and that yacht won the race on corrected time. In the big schooner class the lingo-mar won, finishing a long way ahead of the Emeral I and Ariel, and in the smaller chooner class the Elmin i finished first by a few seconds, but lost the race to the Katrina on corrected time. The Aspirant, trina on corrected time. The Aspirant, as soon as the wind freshened, passed the Effort and won handily.

rachts pounded and slatted the wind out

The Park City went aground while trying to pull the Columbia out of her predicament, and she remained hard and fast for an hour after the Columbia floated. after the Columbia floated.

It was announced to-night by the Regatta Committee that the 90-footers are not

gatta Committee that the 90-tooters are not eligible to race too-morrow for the Astor cup for sloops, as under the new rules of the club the draugh: limit is 18 feet. As the 90-footers draw 19 or 20 feet, they are barred. The club, however, has offered a special cup for the 90-feoters to race for. SLOOPS, CLASS G-EACING TRIM

BROKEN GAFF ON SHAMROCK III. But the Challenger Has a Satisfactory Test in Rough Weather.

Sir Thomas Lipton's Cup hunter was owed into port yesterday afternoon with a oroken gaff after one of the most satisfactory tests of speed the challenger has had in American waters. She had beaten the challenger of four years ago in just the weather that experts said was too heavy for the new boat. She covered the fifteen knots of windward work in 1 hour 24 minates and 20 seconds over a rough sea and a wind that was about twelve knots at the start and increased to half a gale. The accident occurred about 1:30 o'clock while the boats were hidden in a thick bank of fog. For more than an hour the pall hung over the water. Suddenly the white sails of one of the racers loomed up It was the Shamrock I., and the fears of the Irish Baronet

were more apparent than before. When last seen the new boat had a lead of more than a mile and naturally the party on the Erin expected her to reach the vicinity of the Sandy Hook light vessel in advance of her older sister The old boat reached her moorings in safety about the time the challenger swept within the 100 yards of clear vision around the Erin. She was under jib only and her mainsail was lowered with the gail bent upward about ten

feet from the jaws like an inverted letter V.
The challenger was brought up astern of
the Erin, a hawser passed to the disabled
racer and she was towed inside Sandy Hook through a heavy rain. Sir Thomas at once went on board the challenger. He asked Fife if anybody was injured and was greatly

he racing will be resumed to-day

came to Bristol this evening under tow from Newport to secure a new topmast to replace the one that was carried away. One was ready at the Herreshoff shops and the Constitution crew immediately went to work getting it in place. It is probable that the task will be completed in the morning.

The Lysistrate cup is a challenge cup presented by ex-Commodore James Gordon Bennett, New York Yacht Club, open to steam yachts belonging to the New York Yacht Club and to steam yachts enrolled in foreign yacht clubs.

foreign vacht clubs.

The Westchester Country Club defeated the Great Neck Club team handily vesterday by a score of 12 goals to 9 in the second game The play was close for the first two periods, but in the third period Westchester made six goals in fast time, J. M. Waterbury, Jr., and Coole, doing especially good work. Of the four goals made by Great Neck, Morgan Grace made three and J. P. Grace one. Westchester allowed Great Neck five goals by handicap. The teams: Westchester -1. J. I. Blair, 3: 2. J. C. Cco'ey, Jr., 3: 3. J. M. Waterbury, Jr., 8: back, H. C. B. okaw, 3. Total 17.

# M. AND M. A STUBBORN RACE

A DUEL BETWEEN WAINSCOTT AND JOHN TAYLOR.

Continues Until Sunset, and Then Is Unfinished-Elastic Pointer Wins the Chamber of Commerce Stake at the Detroit Grand Circuit Races.

DETROIT. July 22 -Fully 12,000 persons attended the Grand Circuit races to-day and stayed until 7:30 o'clock to see the long card nearly finished. The \$10,000 M. and M. Stake developed into a magnificent duel between Wainscott, the favorite, and John Taylor, the second choice. So strenuous was their fight that it dragged along until sunset, and then required postponement. In the first neat Wainscott broke at the half and failed to recover in time to win, but he was close to John Taylor at the finish. Taylor and Wainscott raced side by side in the second heat when the speed was faster than Taylor could show.

Jim Ferry tried for the third heat, but fell victim to Wainscott's better form. A collision at the half threw the drivers of John Taylor, Hie Boy and Robinzola, but the distance was not counted against them. This left Wainscott and John Taylor to fight One splendid heat between them was finished when the race went over until to-

Mixed Boubles Tennis at Newbort.

Mixed Doubles Tennis at Newport.

NEWPORT, July 22. Miss Elenora Sears of Boston and Harold Sands, the pair in the mixed doubles lawn tennis tournament to which many cottagers pinned their faith, went down in the first round this morning. A throng of society folk were at the Casino to witness the event.

The opponents of Miss Sears and Mr. Sands Tailer, who allowed half 15. Miss Sears and Mr. Sands won the first set very handly, at 6.3, but Mr. Sands grew unsteady as the match proceeded, and though the third set was closely contested. Miss Sears and Mr. Sands failed to show the form they displayed in the early part of the match and were beaten, 7-5.
